KOMODO NATIONAL PARK

A TOUCH OF PARADISE

The Komodo National Park is a World Heritage site in the Flores Sea and consists of the three larger islands of Komodo, Rinca and Padar.

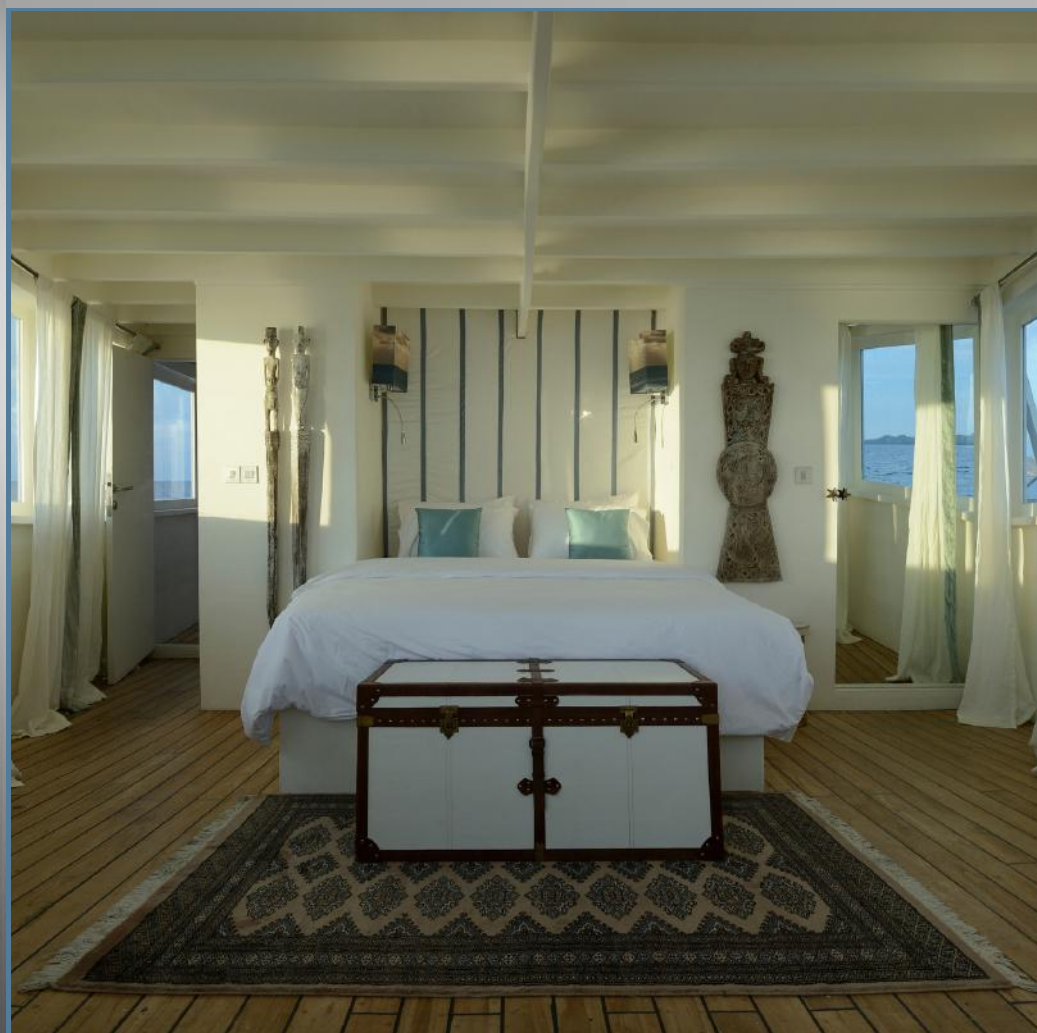

Because of its unique geology and as a result of volcanic activity, this makes for stunning scenery both above and below water.

The islands feature a dramatic wild savannah landscape with patches of forest, especially on the southern hills of Komodo and Rinca.

White and reddish sandy beaches, blue lagoons teeming with fish and some of the most spectacular underwater sceneries in the world entice divers and guests from all around the globe. The underwater topography is as varied as the marine life it protects.

CAPTAIN | CHIEF ENGINEER | STAR CHEF | SPA THERAPIST | DIVE INSTRUCTOR | STEWARD

DAY 1 WELCOME TO FLORES

ALEXA's representative will greet you upon arrival at the airport, assist you with your luggage and escort you to your floating penthouse awaiting at Labuan Bajo Harbour which is a ten minute drive. While your luggage is transferred aboard ALEXA, enjoy a refreshing welcome drink and a tour of the facilities aboard.

You will meet the team, share any last minute requests and receive a safety briefing for your stay with us. Once you are settled, ALEXA will depart the harbour for a 2 hour crossing to Siaba Besar Island also known as the Turtle Point.

Enjoy the amazing views of the crossing, whilst snacks and drinks are served onboard. Lunch will be served once we arrive.

Go for a swim with the turtles and relax on the beach before setting sail towards Komodo Island. You may wish to enjoy a spa treatment by your personal Spa Therapist.

Sunset drinks will be served before dinner onboard whilst ALEXA will drop the anchor for the night.

DAY 2 KOMODO

After an early light breakfast, get ready for a trek through Komodo's "Savannah" in search of the legendary Komodo dragon (*Varanus Komodoensis*), only found in 3 places on the planet, in Padar, Rinca and Komodo. To avoid the heat of the day, it is an early start however we are the first to arrive and have the area to ourselves.

The Park Rangers will guide us towards where the Dragons might be. On our walk along the promising paths, we will also be on the lookout for Megapode birds and flying lizards, until we find the Komodo Dragons.

Heading back to the jetty and ALEXA, a well deserved hearty lunch awaits, then a departure for the crossing towards Banta Island.

DAY 3

BANTA ISLAND

Although technically outside of the Komodo National Park, Banta Island, with its jagged coastline, high mountains, finger-shaped bays, and deserted pink and white beaches is a wonderful destination in its own right. There are no villages or formal trails, contributing to the rugged conditions of the island. Still, you can easily climb the foothills for fantastic views of the Sape Strait and the grandiose Komodo Island.

Below lies the magnificent underwater world that is waiting to be explored with luck you may spot the Manta Rays. It is truly spectacular and known as one of the more recommended dive sites around Komodo Island.

Another iconic view besides the neighbouring islands would be the volcanic island of Sangeang, which rises from the beautiful blue sea and makes for a perfect opportunity to have a beach bbq after sunset.

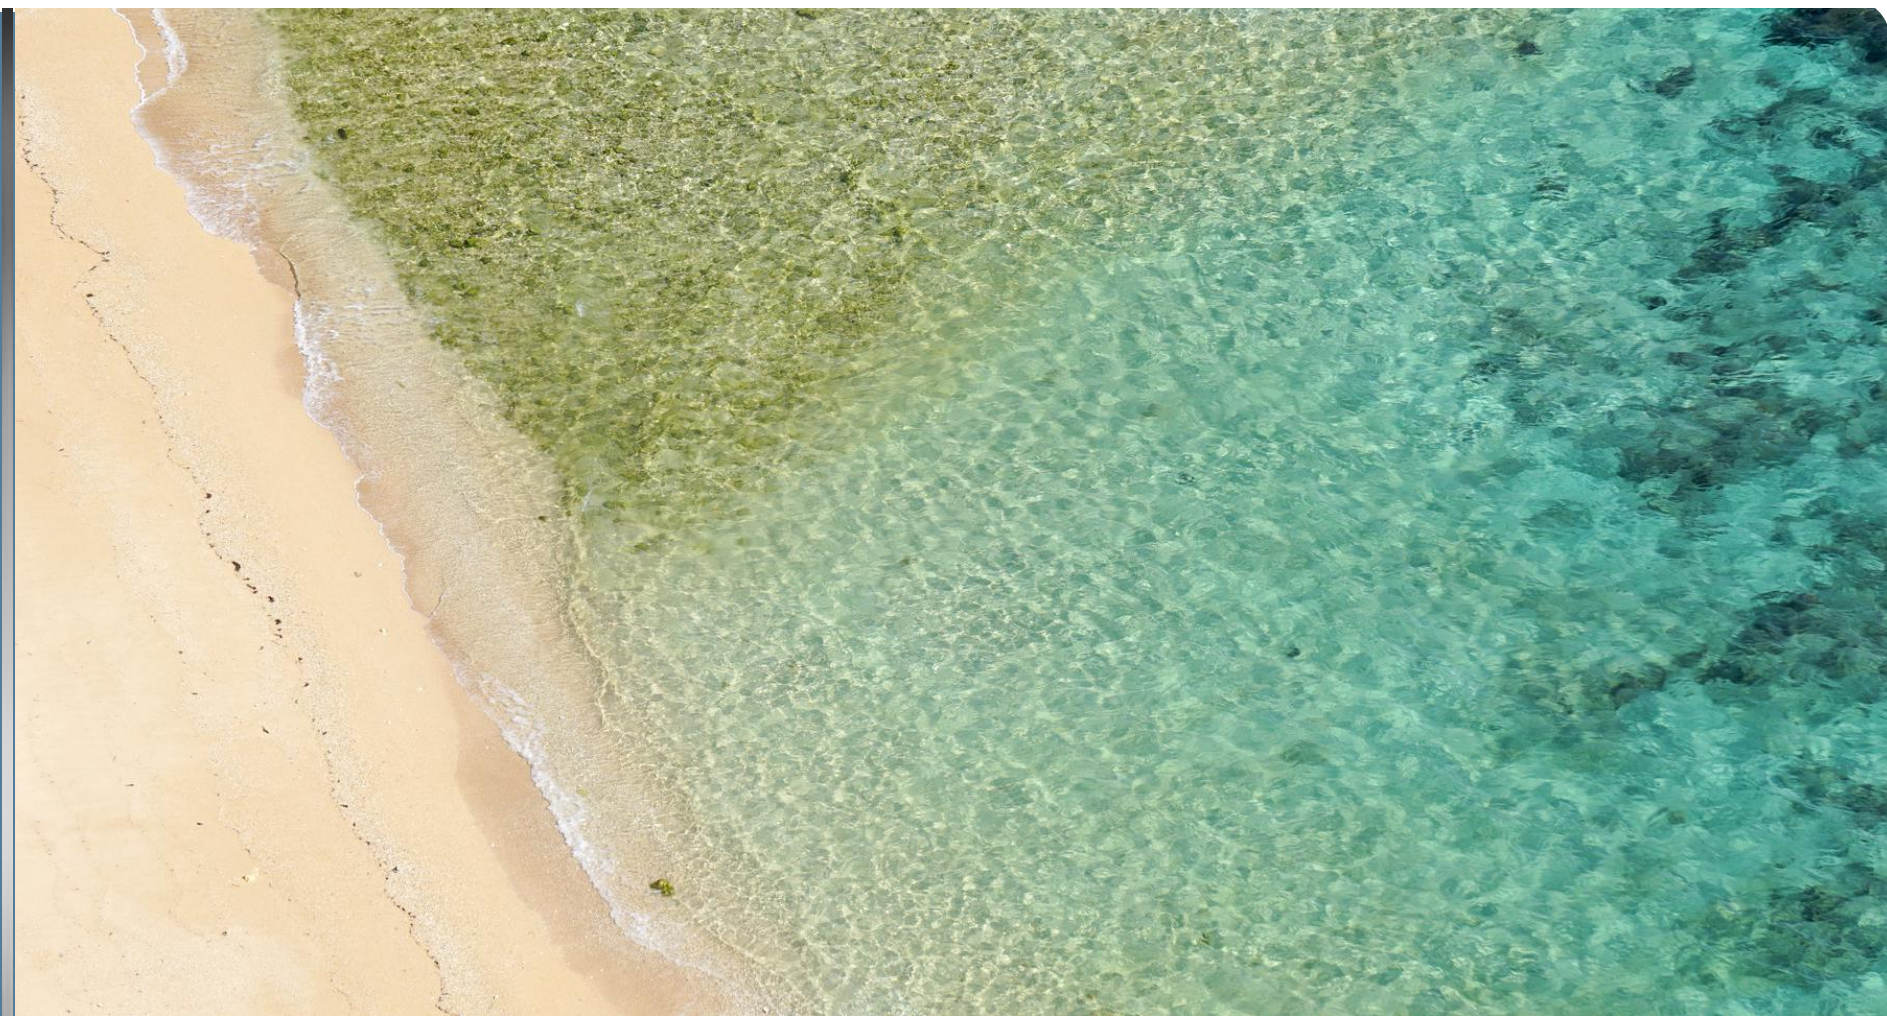

DAY 4 SAPE STRAIT

In the morning we arrive at the beautiful coastline of Sape Strait which is home to an immense amount of incredible dive spots.

The waters here are crystal-clear and the Sape Strait is home to multiples of species including blacktip, whitetip and grey reef sharks, reef manta rays, mobula rays, eagle rays, marble rays, tunas and even whales when in season.

As evening approaches you will have time for a relaxing massage onboard whilst your chef prepares a delicious three-course dinner.

After your meal and once you relax ALEXA will begin the voyage towards Sangeang island.

DAY 5 SANGEANG ISLAND

In the morning we arrive at the beautiful bay of Sangeang Island which is an active volcano and towers imposing 1900 meters above sea-level. After a leisurely breakfast, walk the black sandy beaches and dive or snorkel in its breathtaking underwater coral gardens.

The waters here are crystal-clear and very close to the famed Champagne Reef where curtains of warm gas bubbles emerge from vents in the sea-bed creating a natural mini-jacuzzi.

As evening approaches, Sangeang is the perfect viewpoint for a sunset over Komodo Islands.

A gourmet meal will be served onboard and once you relax ALEXA will begin the overnight voyage towards Satonda island.

DAY 6

SATONDA ISLAND

After a big breakfast we will bring your kayak to the volcanic crater of Satonda which is a lake within the island.

The walk from the beach is about 100 meters to the jetty on the lake where you can enter and enjoy a beautiful beginning to your day.

Enjoy your gourmet lunch when back onboard and some downtime before heading to the beach for a swim or snorkel.

Just before sunset ALEXA will take you to the south of the island from where you can see the Flying Foxes migrate to the mainland of Sumbawa as the sun sets.

After dinner we will begin the 2 hour journey towards Moyo Island.

DAY 7 MOYO ISLAND

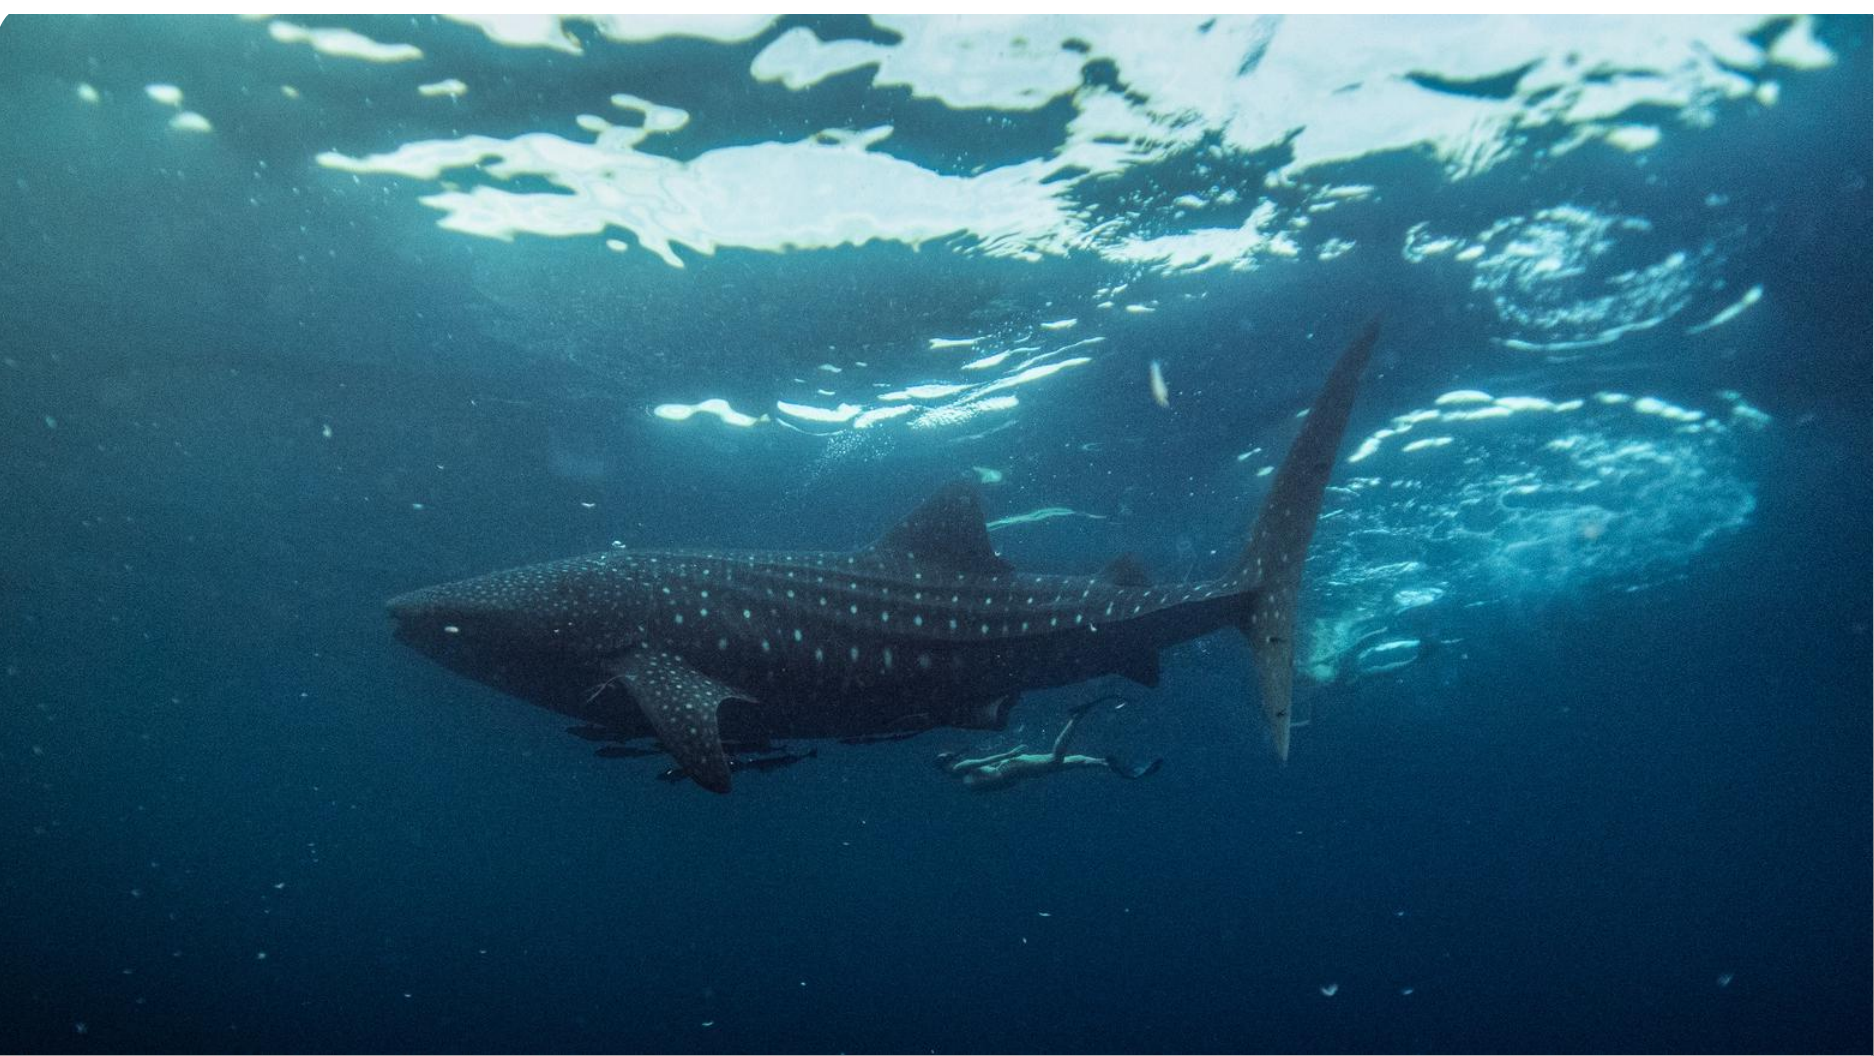

In the morning we arrive at Moyo Island which is home to the beautiful waterfalls called Mata Jitu.

It takes a short 15 minute motorbike ride to reach them and you will spend the first half of the day swimming in the serene natural pools.

When the sun starts to reach its peak we will journey back to ALEXA to begin our crossing towards the coast of Sumbawa. Here we will show you a perfect sunset spot on a private sandbar where a bonfire will be awaiting.

A gourmet meal will be served onboard and once you relax ALEXA will begin the overnight voyage towards the bay inhabited by the Whale Sharks.

DAY 8

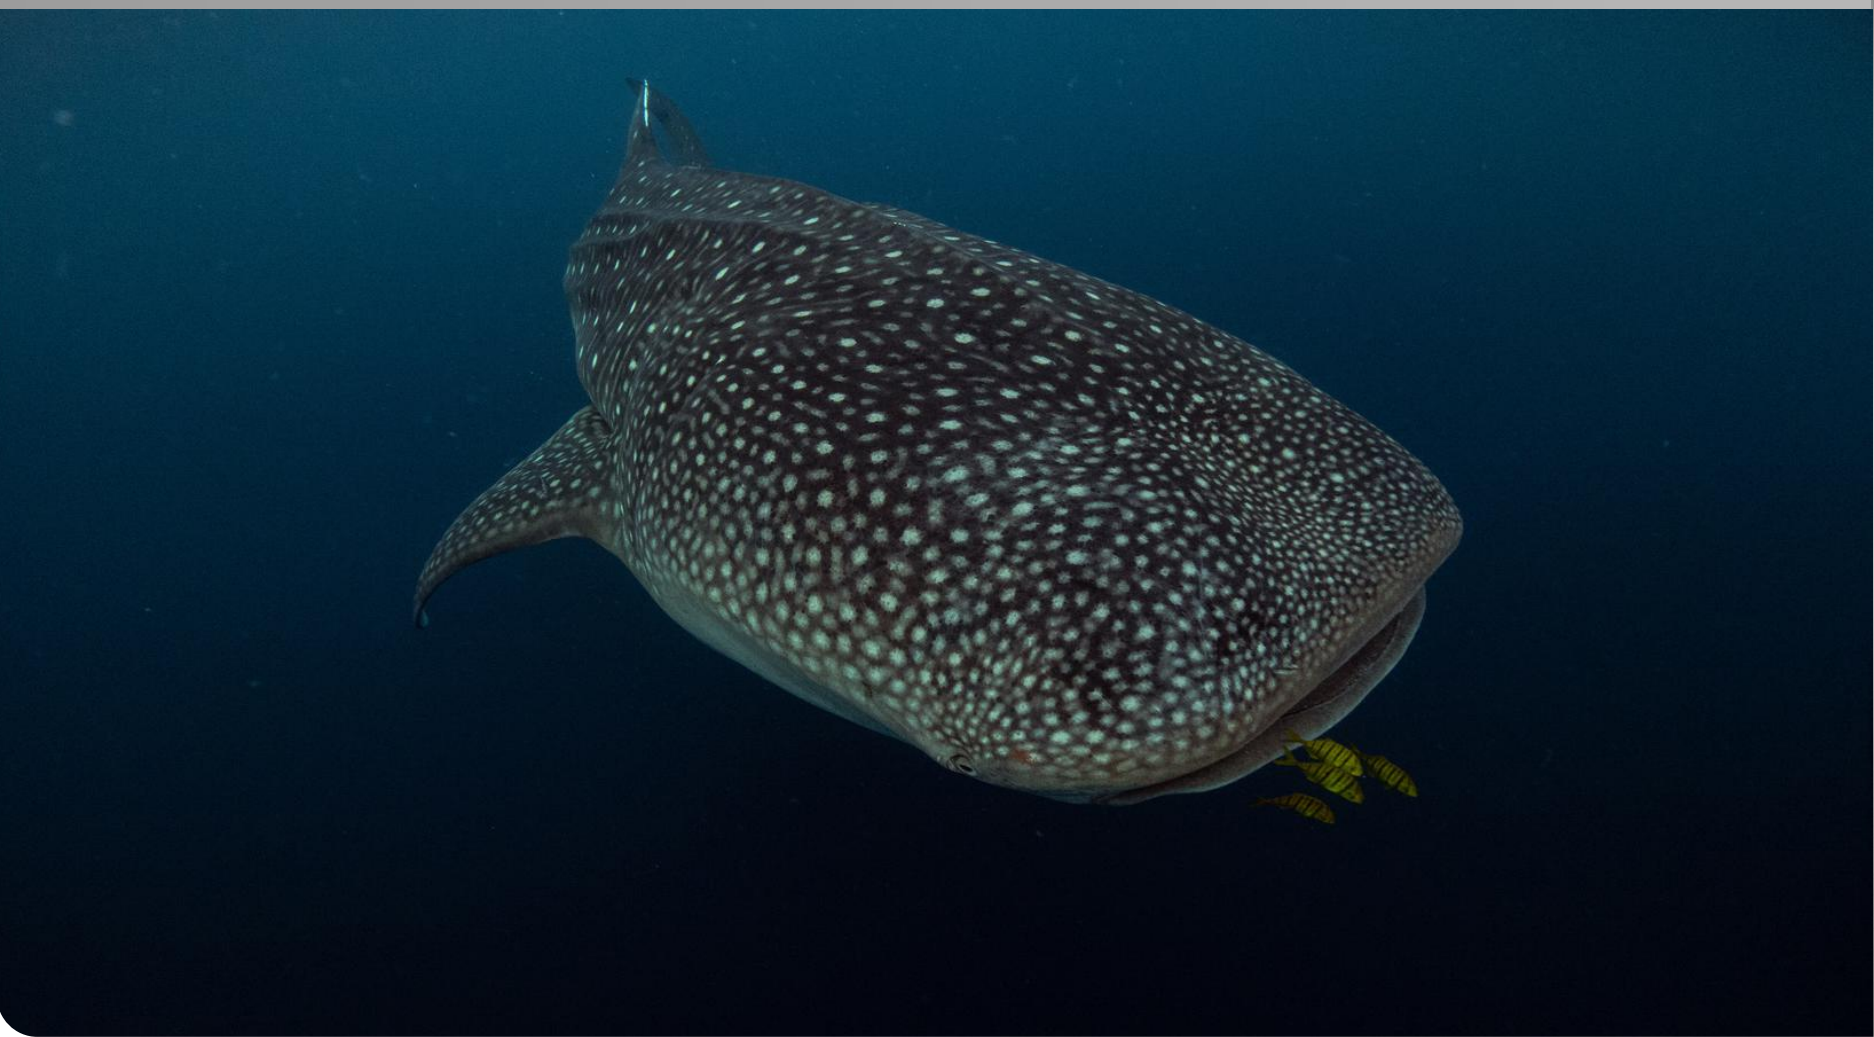

WHALE SHARKS

To see the Whale Sharks one must be properly prepared and this is why we will be in contact with our local fisherman throughout the night as he sends the coordinates for where his fishing platform will be once he has found the Whales which usually happens around 3.am.

The Captain will then begin the last step of the crossing in order for you to wake up with the sunrise at the right place.

After a light breakfast and a five minute speedboat ride you can get your fins and snorkel/dive equipment on and prepare yourself for an experience of a lifetime.

These 10 meter long fish will be gathered in numbers and circling the fishing platform which feeds them for hours on end and keeps them at the surface. Make sure to have your underwater camera charged and create memories that are hard to duplicate. If you do not have a camera our cruise director will make sure to bring his and share the footage with you.

DAY 9
DEPARTURE
"THIS IS NOT A GOODBYE,
MY DARLING,
THIS IS
A THANK YOU."
- NICHOLAS SPARKS

ALEXA departs early in the morning to set sail towards Sumbawa Besar.
Your gourmet breakfast will be served on the top deck as we cruise
towards the harbour.

After breakfast it is time to prepare for disembarkation.
Your transfer to the airport will be arranged and
our representative will assist you
until you are ready to board your flight.

INDULGE

Our chef will take you on a journey through an ocean of flavours, making every single meal a culinary memory to cherish. ALEXA's chef is a true artist, who takes the best of Asian flavours to a different level, way beyond just food – he creates art.

Enjoy a breakfast feast on the aft terrace, a champagne picnic or bbq on a deserted beach, a seven-course gourmet dinner extravaganza under the dome of stars. A truly special moment to share with your loved one. Our crew and private chef will cater for all of your desires.

Sustainable fishing will be practiced whenever the location permits. You are more than welcome to join the crew, who will happily teach you the simple rules of Spearfishing.

The best produce are freshly sourced from local markets and selected suppliers.

Complete this with wonderful flavours of Asian cuisines and the soothing sounds of the waves and bird song, endless legends and myths, all that aboard your very own private sailing penthouse.

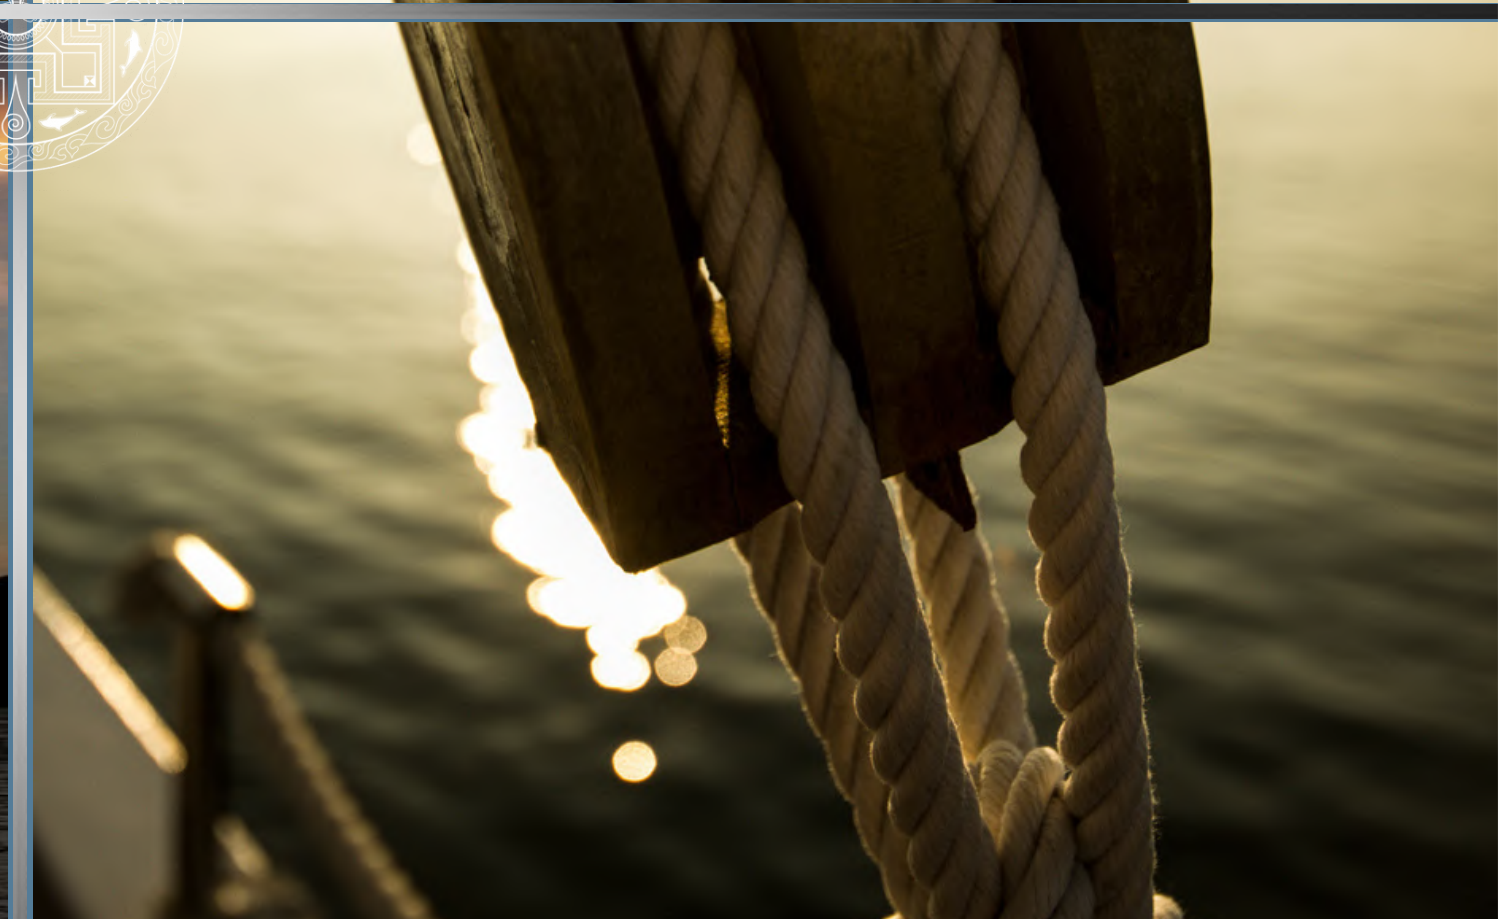

SPA

Can you allow yourself to forget it all and let one of the most beautiful parts of the world just slowly glide by – for an hour or even a full day?

Our Spa Therapist & Yoga Instructor will transform the stunning open space on the top deck into your personal spa. Enjoy a relaxing massage with the sound of the waves in the background. Your private chef will be happy to create a personal nutrition plan.
